L.A. Sales, Inc.

Lee Davis

(619) 991-1339

ldavis@lasales.com

Southern California's leading source of embedded and board level computing products for Mil/Aero, Industrial, Medical, and other rugged applications since 1989

Abaco Systems High performance rugged embedded computing platforms, SBC's, DSP's and GPU solutions.		**Alta Data Technologies** MIL-STD-1553 and ARINC products with high-density channel configurations and network enabled 1553 products.	
Argon FDS Rugged Computing and Display Solutions that Serve Land-based, Naval and Airborne Military Applications Worldwide.		**AJ's PowerSource** Rugged UPS and Power Conversion for Defense, Aerospace and Industrial Applications.	
Brandywine Communications Network time servers, time and frequency distribution, Board level GPS synchronized clocks.		**Calumet Electronics** US based high reliability PCB manufacturing, Nadcap certified, a DoD Trusted Supplier.	
CP Technologies MIL Rugged portable computers and displays, complete rack systems, rugged tablets		**Diamond Systems** Rugged single board computing solutions, NVIDIA processors and high-density small form factor ethernet switch solutions.	
Elma Electronic Enclosure solutions for VME, VPX, cPCI, ATCA and uTCA form factors, storage devices, subsystems, unique I/O solutions, complete integrated systems.		**Embedded Technologies** Specialized distributor of small form factor computing and I/O solutions.	

	ETS Solutions Multi axis vibration test systems, thermal chambers, new and refurbished equipment.		**Galleon Embedded Computing** Airborne data recorders, video recorders with highly optimized SWaP and adaptability.
	GET Engineering Rugged, high density compact embedded systems, NTDS and virtual NTDS solutions.		**MEMKOR** Solid State Disk (SSD) solutions featuring MIL ruggedization, FIPS140-2 Validated Encryption and VPX options.
	Moog Protokraft Rugged optical transceivers in 38999, TFOCA & 28876 connectors. High density, small form factor rugged ethernet switches.		**Optima EPS** Vertical enclosures and cabinets. Seismic ready, EMI shielded, mil qualified and custom cabinets.
	Sealevel Systems Synchronous serial interfaces, analog and digital I/O, touch panel computers, Industrial IoT solutions.		**Sierra Cases** Value added Case reseller for Impact Cases, SKB, Zero, Pelican, CP Cases
	Sixnet Rugged Ethernet standalone and board level switches.
